NAGINENI AMARESWAR CHOWDARY

Data Analyst | Python | SQL | Power BI | Excel

Rajampet, Andhra Pradesh, India | +91 7396016249 | amareschowdary23@gmail.com

LinkedIn | GitHub | HackerRank

PROFESSIONAL SUMMARY

Data Analyst with a B.E. in Computer Science and Engineering and certified training in Python, SQL, Power BI and Excel. Experienced in cleaning and analyzing datasets, writing SQL queries on MySQL databases, and building dashboards and KPI reports that turn raw data into clear business insights. Built end-to-end projects, including an inventory system with sales reporting and a YOLOv8-based computer vision application. Strong problem solver (350+ SkillRack problems, 50+ Google Cloud skill badges), looking to contribute to a data-driven team as a Data Analyst.

TECHNICAL SKILLS

Data Analysis & Visualization: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, Microsoft Excel (Pivot Tables, VLOOKUP, XLOOKUP, Charts), Power BI (Dashboards, KPIs, DAX, Power Query)

Analytics Skills: Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Dashboard Development, KPI Reporting, Business Reporting, Statistics

Databases: Database Management, MySQL, Relational Database Design, Normalization, Joins, Subqueries, Aggregations

Programming & Web: Python, SQL, Java, HTML, CSS

Cloud & Tools: AWS (Cloud Foundations, Machine Learning for NLP), Google Cloud Platform (GCP), Git, GitHub, JDBC, Figma

AI / ML: Machine Learning Fundamentals, Natural Language Processing (NLP), Computer Vision (YOLOv8, OpenCV), IBM Watson Assistant

PROFESSIONAL TRAINING

Data Analytics Program, Quality Thought, Hyderabad **Dec 2025 – May 2026**

- Completed hands-on training in Python, SQL, Power BI and Excel, covering data cleaning, EDA, data visualization, dashboard development and business reporting.
- Certified as a Data Analyst by Quality Thought on completing the program.

PROJECTS

E-commerce Inventory Management System (Emart Grocery) | *Java, JavaFX, MySQL, JDBC*

- Developed a JavaFX desktop application integrated with a MySQL database via JDBC to manage products, stock levels and sales records in one system.
- Designed normalized relational tables and wrote SQL queries for inventory tracking and sales reporting.

AI-Powered Traffic Violation Detection System | *Python, YOLOv8, OpenCV, ANPR, Twilio*

- Developed a computer vision system using YOLOv8 and OpenCV that detects traffic violations and recognizes vehicle number plates through ANPR.
- Automated SMS notifications to vehicle owners using the Twilio API.

IBM Watson Assistant Chatbot for Facebook Messenger | *IBM Watson Assistant, Messenger API*

- Built a customer-support chatbot with NLP-based intent recognition and automated responses, and integrated it with Facebook Messenger.

WORK EXPERIENCE

UI/UX Design Intern, Ekhie Business Solutions **May 2025 – Sep 2025**

- Translated business requirements into responsive website wireframes, prototypes and high-fidelity mockups in Figma.
- Collaborated with development and product teams to refine user flows based on feedback, and delivered the project on time.

EDUCATION

Bachelor of Engineering (B.E.), Computer Science and Engineering **Nov 2021 – Apr 2025**

Prathyusha Engineering College, Chennai, Tamil Nadu

CERTIFICATIONS

- Data Analytics Certification, Quality Thought, Hyderabad
- AWS Academy Cloud Foundations, Amazon Web Services
- AWS Academy Machine Learning for Natural Language Processing, Amazon Web Services

ACHIEVEMENTS

- Solved 350+ programming problems on SkillRack, building strong problem-solving and logical thinking skills.
- Earned 50+ skill badges on Google Cloud Platform (GCP) covering data, machine learning and cloud infrastructure.
